Amsterdam, 6 April 2009

Dear members,

Young EPLAW, May 11 Brussels

Last year we organised a successful Young EPLAW conference. This year we have therefore again organised a Young EPLAW conference! The Conference will take place on May 11 next in Brussels.

The program which you find attached is very interesting and highly educative. Above all the conference allows the next generation patent litigators to meet and get to know each other which can only serve to strengthen our profession in Europe. As last year I need the cooperation of all members to make the conference a success. So please send your young lawyers to the Young EPLAW. I count on your cooperation.

In the meantime we have published the outcome of the Venice lottery on our website and please do not forget to note the date of our annual meeting: November 20, 2009.

Thank you again for your cooperation and I all wish you and your family a happy Easter.

Kind regards,

Willem A. Hoyng
